

Bring the self-pay concept to your exterior carwash with the SiteWatch® XPT. Our unattended station makes it easy for the customer to buy a single wash, or multiple prepaid washes, without employee assistance.

# Thinking Of Opening A Self-Pay Exterior?

A SINGLE SITEWATCH® XPT HANDLES OVER 80 CARS PER HOUR.

Here are 10 reasons to consider the SiteWatch® Xpress Pay Terminal (XPT) self-pay station from DRB Systems:

## 1. VOLUME

Up to five XPT stations can be used per site. Ideal for high volume operations.

## 2. SPEED

A single XPT can process over 80 vehicles per hour.

## 3. MARKETING WITH PREPAID AND LOYALTY PROMOTIONS

Accepts prepaid and loyalty club cards. Prepaid washes can also be sold from the XPT and loaded on receipts.

## 4. CREDIT CARDS

Instant card clearing encourages credit card usage.

## 5. BUILT-IN BARCODE READER

for discount coupons and mailers.

## 6. INTELLIGENT RECEIPT MESSAGING

Personalized sales messages and “frequency discounts” on barcode receipts encourage repeat business.

## 7. CUSTOMIZABLE VIDEO INSTRUCTIONS

User-friendly video comes standard, but can also be customized for your specific market.

## 8. ATM STYLE INTERFACE

The same weather resistant interface found at ATM machines and self-serve gas pumps.

## 9. SECURITY

Built-in alarm and other advanced security features.

## 10. SINGLE SITE OR CHAIN

Replication logic feature allows prepaid and loyalty promotions to be run chain-wide.

The SiteWatch XPT works in a variety of self-pay exterior configurations.
