

Smart Signage

Dynamic Digital Signage that Drives Revenue

Hardware Add-on

Digital signage attracts
10 times more eye contact
than static signs.

Grab customers' attention and personalize their experience with Smart Signage, our dynamic digital signage solution. Use Smart Signage at your pay stations, tunnel entrance and tunnel exit to effectively communicate with customers and deploy promotions that increase average customer spend.

Completely implemented and managed by DRB Systems, Smart Signage is an easy way to update your wash and drive revenue.
