

PeopleBuilder® Workforce Management Solution

Simplify Your People Processes

Finding the right talent, providing effective training and optimizing employee scheduling are critical to building the best team and driving customer satisfaction. Customized for the car wash industry, PeopleBuilder makes your people processes easier and puts technology to work for your business.

PeopleBuilder Platforms

DRB Hire™

Recruit, Screen, Onboard.

Good people are a company's best asset, but finding them can be a lengthy process. DRB Hire makes it easier with online applications, applicant tracking capabilities, background checks, I-9 verification and more.

DRB Learn™

Develop, Train, Test.

Make your team's training program more convenient, efficient and consistent. DRB Learn lets you upload content, schedule and conduct training and evaluate your team's understanding of critical material.

DRB Schedule™

Build, Share, Manage.

Create schedules, provide visibility to employees and managers and easily update and distribute schedules. This allows you to control labor costs and keep your team running efficiently.
